

Public Speaking. Hon. John T. Cooley, Judge Gant, and others, will address as many of their fellow-citizens as will meet them at the following times and places:

Andersonville, Friday, October 1st, at 8 o'clock P. M. Laurel, Saturday, October 2nd, at 3 o'clock P. M. Brookville, Thursday, October 7th, at 7 o'clock P. M. New Trenton, Saturday, October 9th, at 9 o'clock P. M.

Wm. W. Pettigrew, Esq., has sold his farm near Metamora, to Joseph Crawley, for \$2,200.

John Dukate, Esq., has sold the Blooming Grove Pottery to Dr. M. E. Dougherty.

F. Brookbank has not purchased the store of A. W. Dubois, Esq., of Fairfield, as stated by his last week.

MARRIED—On the 19th ult., by the Rev. Jas. W. Locke, Mr. H. W. West and Miss ANGELOINE COOLEY.

WANTED—By the citizens of Blooming Grove and vicinity, an enterprising merchant to locate in their city. Also, a good wagon maker. An excellent opening can be found there, by any one wishing to engage in the above branches.

Thanks. The ladies of the Presbyterian Church will accept our sincere thanks for the elegant cake sent us. It served a delightful repast for all hands in the office and the assurance, that in the midst of their social entertainment the "ox that treadeth out the corn" was not forgotten. May their days be long and happily blest.

Rush County. The stock exhibited by our Rush County friends at our County Fair, added much to its general interest. The numerous red ribbons worn by their fine horses, attests their quality better than anything we can say. It is this mutual intercourse, and laudable emulation between the different counties, that will improve the stock, and infuse life and vitality into agricultural affairs. Come again, gentlemen, and bring along some of your fine cattle and hogs. We'll make you welcome.

The October term of our Common Pleas Court commences on Monday next—the civil docket for the term is rather light. Quite a number of informations are on the criminal docket, but they will no doubt follow the usual course of our Prosecutor's informations and go off on "a motion to quash."

The Jury for the term is composed of the following named individuals: John Daven, Henry Bond, Joseph Cup, James Pollock, H. H. Remy, Joseph Palmer of Ray, James Wiley, John A. Applegate, Henry Pierce, John H. Fisse, David H. Gavin, James Dukate.

Court House Fence. The work on the Court House Fence has been commenced. Mr. John Gallagher, a sub-contractor of Mr. May, to whom he let the stone work, has broken ground, and is pressing forward the foundation, in hopes to complete it this fall. We are advised that objections are made to enclosing part of the street east of the Court House, which unfortunately places the fence too near the building. If this work has to be done, and to serve party purposes, done now, we hope that no personal objections may prevail to prevent its being done right. It will cost much money, and should not be botched.

Our County Fair. Was a perfect success. It fully met the expectations of its most sanguine friends. The contributions, notwithstanding the general failure of agricultural products, was highly creditable to the farmers of this County. The show of horses, cattle, hogs and sheep, was equal in quality to any in the country. In mechanical productions, the exhibition was not large, but of the very best quality, while that of the Ladies' Department was inferior to none, we venture of the season.

The Fair was largely attended—the weather charmingly fine, and the order and good feeling manifested for three successive days, was highly creditable to our people and the Committee of Arrangements. Long may they continue and prosper, as in their success is a germ that will develop and improve the varied interests of Agriculture, more than figures can portray. Impertinent absence pleads for this meagre notice. We promise for next week a list of the premiums awarded.

Ladies of Presbyterian Church—Social Entertainment at Odd Fellows and Sons of Temperance Halls. The ladies of the Presbyterian Church of our place, held a social entertainment on Wednesday evening, during the Fair. It was well attended, and handsomely patronized. The beautiful halls of the Order above named, were well lighted up, and bright eyes sparkled amidst the jostling crowd of anxious patrons. The tables were laden with the contributions of "fair hands," and their contents dealt out by smiling attendants on every side. We congratulate the ladies on their success, and hope to record repeated efforts, by which the old and young are brought thus socially together, and their contributions bestowed on so deserving a cause.

We would call the attention of our friends to the elegant stock of Furniture at the Ware-rooms of Mr. Joseph Schneider, on Main street, two squares south of the Valley House. He has a new recruit of the most finished styles. His long experience entitles him to a liberal share of public patronage. He is prepared to meet all demands that may be made upon his double capacity of Cabinet Maker and Undertaker. The greater portion of his work is the labor of his own hands, and may be relied upon as substantial, being constructed of the best material.

Those desiring cheap and substantial work, will do well to visit him before purchasing elsewhere. Reading Rooms at Connersville, Ind. The Telegraph announces the establishment of a reading room at our neighboring town, by Mr. Montague of that place. We heartily unite with our friends in wishing success to so laudable an enterprise. The intelligence and christian character of her citizens will sustain so good a work. "Attached to the reading room," we are informed, "will be a billiard table, for the amusement of those who may wish to engage in recreating in this innocent and healthful exercise."

This endorsement of a "billiard room," as an appendage to a reading room, is a new feature in the moral training of the young men and youth of our towns. To our friend of the Telegraph, we modestly suggest the addition of a card table, of equal "innocent" tendencies, and a fashionable drinking saloon, that they may at once, under the guise of a reading room, contain three of the halls that have heretofore been found only in our larger cities, to curse and destroy the peace and hopes of the "fire side."

We have confidence in the moral and christian character of the citizens of Connersville, and shall expect to witness a public expression, that will crush out not only such sinks of iniquity, under the disguise of "reading rooms," but those who, as leaders of public sentiment, countenance and sustain them.

We have fast men in our own town, but not bold enough to attempt this covertly, to get up gaming sinks, under the pretense of mental culture. The fire hooks would soon dispose of such.

County Poor House. As the Clique pretend to disapprove of the Court House Fence, and would make the people believe that they and their party are not responsible for the extravagance that eats up the public treasury, it may be well for their organ of this place to explain why they did not oppose the secret letting of the Poor House?

Mr. Townsend West, of this County, a practical brick mason, was promised the contract to build the Poor House, if he would let the County have a contract he then had for brick with Henry Price. Mr. West consented—surrendered a prior contract for which he had engaged the brick, and when ready to enter into this new understanding, was informed that the work was let to Mr. May. Did the Clique know of this? Did they not advise it? Did they not commend it?

Why was Ed. May brought down here in 1856, to take charge of this work, when such men as Townsend West was here, willing to contract and attend to it? May was not here one fifth part of the time, but entrusted the work to sub-contractors and agents. Why this preference for non-resident contractors?

The answer arises involuntarily. West was not of the County Clique—not in their confidence—not subservient to their dictation—and not likely to contribute funds for the expenses of the then campaign of 1856.

Atlantic Monthly. This magazine for October is received. It is a good number, as the contents will indicate, as follows: The New World and the New Man. The Post Keats. Her Grace, the Drummer's Daughter. Waldensamkeit. The German Popular Legend of Doctor Faustus. Miss Wimpie's Hoop. The Cup. The Language of the Sea. The Whirligig of Time. The Telegraph. The Biped of the Garden and Orchard. The Old Wall. The Dead House. The Autocrat of the Breakfast Table. The Dot and Line Alphabet. Literary Notices.

Dr. Roback in Cincinnati. The most brilliant success seen to attend the practice of this celebrated Swedish Professor since his residence in Cincinnati. The most desperate cases of dyspepsia, scrofula, liver complaint, rheumatism, and cough are reported by the sufferers themselves to have yielded to his "Scandinavian Remedies." These medicines, it appears, act chemically upon the blood purging it from the elements of disease, and curing an infinite variety of disorders, by cutting off the supply of morbid matter which forms their basis. Testimony to this effect, which cannot be impeached, is proffered to all who are hard of belief. See advertisement. July 30.

Pimples and blotches are the result of impure blood. The blood becomes thick and clogged. The skin is not able to cast off the impurities so important to health. How many young men and women we see with their faces covered with pimples and blotches, who are endeavoring to remove them by the use of snaps and washes of various kinds. This is very dangerous and should never be practiced by persons desirous of good health. Mothers who have children afflicted with sores and eruptions should never dry them up by external applications, for in this way they will drive in the humors and produce ill health for the child during its whole life time. There is no mother that likes to see her children afflicted with feeble health.

Morse's Indian Root Pills are prepared expressly for the cure of eruptions of the skin, such as pimples, blotches, sores, &c. They cleanse the blood of all impurities, producing a beautiful, clear and healthy skin, so much admired by all people of taste and refinement.—Dr. Morse's Indian Root Pills are sold by all dealers in medicine.

Doctor Hoodland's celebrated German Bitters, prepared by Dr. C. M. Jackson, Philadelphia, Pa., will effectually cure liver complaint, dyspepsia, jaundice, chronic or nervous debility, diseases of the kidneys, and all diseases arising from a disordered liver or stomach. Give them a trial, they will cure you. For sale at 75 cents per bottle, by druggist and storekeepers in every town and village in the United States.

Baser as an independent candidate for Treasurer of Franklin County at the ensuing October election. We are authorized to announce the name of L. V. C.
